A live recital by CLASSIC ALBUMS LIVE of the quintessential album by The Eagles, followed by a showcase of their hits. *Hotel California* still ranks high in current lists of greatest albums of all time around the world. Released in the Album Oriented Rock era of the late 1970's, it won the 1978 Grammy for Record of the Year. The title track is one of the best known and loved songs of all time, and it will be worth the price of admission alone just to see Classic Albums Live masterfully pull off the infamous double guitar solo exactly as it was originally recorded!
